Carefree living, timeless beauty

Years of carefree living

Quick-Step laminate floors are designed to last a lifetime. They easily stand up to the challenges of high heels, races with toy trucks and even falling objects. Thanks to their Scratch Guard top layer, all of our floors are up to ten times more resistant to scratches.

A Quick-Step floor is very easy to maintain. Down to the joints, the floor's surface is completely sealed: bacteria, dirt and even spills are unable to penetrate the floor, which means easy and worry-free cleaning. Not sure what products to use to maintain your floor in the best possible way? Discover our entire range on page 37.

Say goodbye to moisture problems

The Majestic, Impressive (Ultra), Eligna and Classic collections have an innovative, water-repellent HydroSeal coating that covers every groove, preventing water from penetrating the floor. Cleaning has never been so easy and safe.

Natural beauty in every detail

From finding the perfect plank structure to carefully balancing colour and bevel: creating unique and attractive floors is our mission. Thanks to their true-to-life features, our wood and stone designs look exactly like the real deal.

MJ 3551

Easy installation in 1-2-3

When you've found your dream floor, you want it installed as quickly and easy as possible. The Quick-Step Uniclic® and Uniclic® Multifit click systems ensure a worry-free installation, even in tight corners and under radiators. On top of that, all Quick-Step laminate floors can be installed over traditional underfloor heating.

How to install your laminate floor

Installing a laminate floor is very easy. Don't believe it? Let us help you with our installation videos at bit.ly/ytquickstep

Resisting everything, even water!

Meet the latest generation of laminate floors. Floors that don't just look exceptionally stylish and natural, but can also take a knock or two and above all are 100% waterproof.

IMU 3560

Spilled a drink? Did the kids play with water? Don't panic, the liquid won't be absorbed by the floor and you can mop it up immediately. Five of our laminate collections – Majestic, Impressive (Ultra), Eigna and Classic – have a water-repellent HydroSeal coating. The floor's surface is completely sealed, so bacteria, dirt and even spillages don't stand a chance. They can simply be wiped off with a damp cloth, leaving a clean, hygienic surface. These waterproof floors make cleaning easier than ever!

On top of that, your new Quick-Step laminate floor also has a warranty of up to 25 years, guaranteeing many years of worry-free pleasure in your home.

ALL RANGES EXCEPT CREO

The details make the difference

Each laminate floor has its own story and a unique look and feel. The Quick-Step designers carefully select the structure, treatment, finishing and bevel, perfectly in line with the character of each floor design.

Structure

Elegant wood structure

A subtle surface texture with a fine grain structure that gives a wood effect with a very natural look and feel.

Natural wood structure

A surface texture where the grain, knots and cracks that are visible in the design can also be felt in the surface structure of the laminate floor. This perfect combination of design and structure ensures that the floor looks and feels like real wood.

Intense wood structure

This distinct structure has varying depths and gloss levels accentuating the knots and cracks. The design and surface structure is more pronounced than the natural wood structure.

Stone structure

A surface texture that realistically displays the structure of a stone pattern.

Fantasy structure

A surface texture that has the look and feel of exclusive materials such as leathers and fabrics.

Treatment

 **Brushed**

A surface effect that gives the appearance of brushed wood. The brushed treatment adds depth and authenticity to a laminate floor.

 **Saw cut**

This effect gives the impression of rough sawn wood thanks to the visible and tangible saw cuts.

 **Scraped**

A hand-scraped surface treatment gives a crafted, hand-worked finish to your floor.

Finishing

 **Extra matt finish**

An extra matt surface look.

 **Matt finish**

A matt surface look.

 **Silk/matt finish**

The varying gloss levels accentuate the structure of the floor.

 **Silk finish**

A silk surface look.

 **Silverfrost finish**

A surface effect that highlights the wood grains by running a subtle silvery tone through them.

Bevel

 **Large bevel**

Distinctive grooved edges offer the look of an expansive solid plank floor.

 **Micro bevel**

Fine micro-beveled edges clearly delineate the planks.

 **Genuine bevel**

The bevel is perfectly suited to the character of the floor. The colour, design and structure of the plank are visible right through the bevel.

 **Impression bevel**

Effect that emphasises planks in a subtle way.

Even water won't harm your floor

STEP 1 INSTALLATION

Install your floor without hassle!

Laying a Quick-Step floor is so easy thanks to the patented world-famous Uniclic® click system. This system is highly user-friendly, quicker to install and a lot more solid than other systems. A Quick-Step floor makes installation easy, even in the tightest corners or under radiators and doors.

1 Easy installation, thanks to the Uniclic® click system

Quick-Step is the inventor of the Uniclic® installation system, today the standard click-to-install system. Use the revolutionary and patented click system to effortlessly click your floor planks together.

2 Install laminate on underfloor heating and cooling

Quick-Step laminate floors are perfect for installing over underfloor heating or cooling when combined with the right underlay.

For more information:
visit www.quick-step.co.uk

3 Easy to install on existing floors

See for yourself how easy it is to install a Quick-Step floor in our installation videos.

Quick-Step® INSTALLATION SET

QSTOOLA

Contents: Quick-Step tapping block, metal crowbar, adjustable spacers.

Install your laminate floor in an easy and professional way with the handy Quick-Step installation set.

A Quick-Step® underlay for every situation

An underlay is an absolute necessity when laying a floor. Installing the right underlay has a major impact on the final look, quality and comfort of your Quick-Step laminate floor. The high-quality underlays are easy to install, create a level base for your new floor and provide excellent acoustic and thermal insulation. The Quick-Step underlays offer a stable base protecting the Uniclic & Uniclic Multifit systems. Moreover, they ensure protection from rising damp.

STEP 2 FINISHING

Finish perfectly

Finish your floor perfectly with the Quick-Step skirtings and profiles.

1 Matching colours

Quick-Step offers skirting boards with perfectly matching colours for every floor.

2 A wide choice

Quick-Step has a wide variety of skirting boards and profiles in various heights and widths.

3 Scratch-resistant

The Quick-Step skirtings are scratch-resistant, protected against everyday wear and tear, and come with the same warranty as the floors.

Easy to install

QSCLIPSKME(-)

QSTRACK

Quick-Step®
ONE4ALL GLUE
Contents: 290 ml

The skirting boards and profiles can be installed swiftly and securely with the Quick-Step One4All glue.

With one tube of One4All glue you can fix approximately 15 m of skirtings to a wall.

Quick-Step®
CLIPS
Contents: 50 clips

Available for 7 or 8 mm floors (QSCLIPSKME7080A) and 9,5 mm floors (QSCLIPSKME95A). Clip system for glueless and screwless installation of skirting boards. The skirting boards can be removed at any time.

The clips should be installed at the same time as your floor.

Quick-Step®
TRACK
240 cm x 0,8 cm x 2,7 cm

Our made-to-measure track allows you to install skirting boards quick and easily. Simply attach the track to the wall with screws or Quick-Step One4All glue and then just click the skirting boards onto it. Afterwards, they can be easily removed, which is ideal when you need access to cables.

Skirting boards

Also available in a non-flexible version to finish your room in the same style (length 240 cm: QSPSKR4PAINT).

Finishing profiles for floor and stairs

Quick-Step's Incizo® profile is a multifunctional finishing tool. One and the same profile can be used for all the finishes of your floor and stairs, in the matching colour. Simply cut the Incizo® basic profile to the shape required using the supplied slitter.

Quick-Step® Incizo®: five questions, one answer

1 How can I join two floors of the same height?

2 How can I solve variations in height from one floor to another?

3 How do I finish my floor along a wall or a window?
